| Wednesday, Jan 22, 2020 – 4pm | Assessing Directed Neural Interactions in Brain Networks with Granger Causality | Mingzhou Ding, PhD  
Distinguished Professor  
J Crayton Pruitt Family Professor of Biomedical Engineering  
University of Florida | LBC, Stibbs-203 | Yu-Ping            |
| Wednesday, Jan 29, 2020 – 4pm | Enter the Matrix: Novel Therapeutic Targets for Ischemic Stroke         | Greg Bix, MD, PhD, FAHA  
Director, Clinical Neuroscience Research Center  
Professor and Vice Chair of Clinical and Translational Research Department of Neurosurgery, Professor of Neurology  
Vada Odom Reynolds Chair in Stroke Research  
Tulane University School of Medicine  
Center for Clinical Neurosciences | LBC, Stibbs-203 | Brain Institute    |
| Wednesday, Feb 5, 2020 – 4pm | Menopause, Cognition and Brain Aging: The Role of Estrogen and Menopausal Symptoms | Pauline Maki, PhD  
Professor of Psychiatry, Psychology and Obstetrics & Gynecology  
Director of Women’s Mental Health Research Program  
University of Illinois at Chicago | SOM-7062 Downtown | Mauvais-Jarvis    |
| Wednesday, Feb 12, 2020 – 4pm | Single Cell Population Transcriptomics Suggest Impaired Microglial Function in HIV Infection During the cART Era | Tracy Fisher, PhD  
Associate Professor  
Division of Comparative Pathology  
Tulane National Primate Research Center | Hebert-201 | Brain Institute    |
| Wednesday, Feb 19, 2020 – 4pm | Neuroimmune Modulation of Prefrontal Cortex Development and Early Social Cognition | Alberto Cruz-Martin, PhD  
Assistant Professor  
Neurobiology Section in the Department of Biology  
Boston University | Jones 102 | Mostany           |
| Wednesday, Feb 26, 2020 – 4pm | **NO SEMINAR - Mardi Gras Break – Feb. 24 & 25**                       |                                                    |          |                   |
| Wednesday, Mar 4, 2020 – 4pm | TBA                                                                   | Andrew MacLean, PhD  
Assistant Professor of Microbiology & Immunology  
Tulane National Primate Research Center | LBC, Stibbs-203 | Brain Institute    |
| Wednesday, Mar 11, 2020 – 4pm | **NO SEMINAR - 31st Annual Health Science Research Days**               |                                                    |          |                   |
| Wednesday, Mar 18, 2020 – 4pm |                                                                        |                                                    | Hebert-201 |                   |
| Wednesday, Mar 25, 2020 – 4pm |                                                                        |                                                    | Hebert-201 |                   |
| Wednesday, Apr 1, 2020 – 4pm | Cognitive and socioemotional development after repeated exposure to general anesthesia in infant rhesus monkeys | Mark Baxter, PhD  
Associate Professor of Neurobiology and Anesthesiology  
Icahn School of Medicine at Mount Sinai | Hebert-201 | Daniel            |
| Wednesday, Apr 8, 2020 – 4pm | **NO SEMINAR - Spring Break – Sunday, Apr. 5 - Monday, Apr. 13. Classes resume Tuesday, Apr. 14** |                                                    |          |                   |
| Wednesday, Apr 15, 2020 – 4pm | TBA                                                                   | Jun Ding, PhD  
Assistant Professor of Neurosurgery and of Neurology  
Stanford University | Jones 102 | Huang             |
| Wednesday, Apr 22, 2020 – 4pm | TBA                                                                   | Randolph Ashton, PhD  
Associate Professor, Biomedical Engineering & Wisconsin Institute for Discovery  
Associate Director, Stem Cell & Regenerative Medicine Center  
University of Wisconsin–Madison | Jones 102 | Moore             |

The Spring 2020 Brain Institute Seminar Series will take place on Wednesdays at 4pm on the Uptown Campus unless otherwise noted (01/30/2020)
